RECEIVED

MAY 27 2003

GROUP 3600

Dear Sir:

NOTE: 37 C.F.R. § 1.8(b) "Certificate of Mailing or Transmission" states:

(b) In the event that correspondence is considered timely filed by being mailed . . . in accordance with paragraph (a) of this section, but not received in the Patent and Trademark Office, and the application is held to be abandoned or the proceeding is dismissed, terminated, or decided with prejudice, the correspondence will be considered timely if the party who forwarded such correspondence:

(1) Informs the Office of the previous mailing . . . of the correspondence promptly after becoming aware that the Office has no evidence of receipt of the correspondence;

(2) Supplies an additional copy of the previously mailed . . . correspondence and certificate; and

(3) Includes a statement which attests on a personal knowledge basis or to the satisfaction of the Commissioner to the previous timely mailing. . .

(c) The Office may require additional evidence to determine if the correspondence was timely filed.

REQUEST

1. Applicant requests that the abandonment in this case be withdrawn.

PROMPTNESS OF THIS SUBMISSION

This information is being submitted promptly after applicant has learned of the abandonment on the basis of the Notice of Abandonment mailed by the PTO on May 2, 2003, and after becoming aware that the Office has no evidence of receipt of the Response to Restriction Requirement.

SUBMISSION

- 2a. Submitted herewith is a copy of the "Response to Restriction Requirement" mailed on October 16, 2002, showing a Certificate of Mailing executed on October 16, 2002, (and stamped "DUPLICATE"); and a copy of the return post card identifying the papers filed and showing the U.S. PTO receipt stamp dated October 21, 2002.

NOTE: "A post card receipt which itemizes and properly identifies the papers which are being filed serves as prima facie evidence of receipt in the PTO of all the items listed thereon on the date stamped thereon by the PTO." § 504, M.P. E.P., 7th Edition.

2b. Also submitted herewith is a copy of papers sent via facsimile to Examiner Hewitt on May 7, 2003. These papers include a copy of the "Response to Restriction Requirement", mailed on October 16, 2002, showing a Certificate of Mailing executed on October 16, 2002, (and stamped "DUPLICATE #2"); and a copy of the Auto-Reply Facsimile Transmission identifying the papers filed and showing the U.S. PTO receipt date of 02/28/03.

STATEMENT

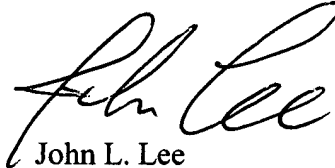

3. Attached hereto is a statement attesting to the timely transmission of the correspondence referred to above, based on the showing transmitted May 7, 2003, via facsimile. This showing is believed to be satisfactory to the Commissioner based on telephone interview with Examiner Hewitt on May 12, 2003. Please note that on page 1 of the Response, the word "Draft" was inadvertently left on the document that was signed and filed on October 16, 2002.

4. Please proceed with further examination of this application on the basis of the enclosed copy, (stamped "DUPLICATE #2"), of the papers originally filed. On the enclosed copy (stamped "DUPLICATE #2") the notation "DRAFT" is deleted from page 1 by strike-out in red.

~~DRAFT~~

RESPONSE TO RESTRICTION REQUIREMENT

Dear Sir:

In the Office communication issued 9/16/2002, the Examiner requires the applicant to elect a single disclosed species for prosecution under 35 U.S.C. 121, as follows.

The Examiner states (in part):

This application contains claims directed to the following patentably distinct species of the claimed invention:

Species I: figures 1-8;

Species II: figures 9-13;

Species III: figure 14;

Species IV: figure 15;

Species V: figures 16-18;

Species VI: as described on page 16 of the specification.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable.

Currently, no claims are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Applicants Election and Proposed Alternative Species

Applicant elects Species 1: figures 1-8, with traverse. The claims that read on "Species 1: figures 1-8", are claims 1-10.

Applicant notes that the Office communication fails to provide "particular reasons relied on by the examiner for holding that the inventions as claimed are independent or distinct" (required by MPEP 816). Thus the Examiner's restriction requirement is incomplete. However, the applicant agrees that the application may be considered to have two species as follows:

Species I: figures 1-8, corresponding to claims 1-10; and

Species II: figures 9-18; and the "fifth embodiment" from page 16 of the specification, corresponding to claims 11-32.

Applicant notes that claims 1-10 are all directed to flux-loop embodiments, and claims 11-32 are all directed to current-loop embodiments. Accordingly, applicant accepts restriction of the present application to the flux-loop embodiments (Species I), but does not accept the division of the current-loop embodiments into the Examiner's Species II, III, IV, V, and VI.

For failure to provide the "particular reasons relied on by the examiner" required by MPEP 816, applicant respectfully requests that the division of current-loop embodiments into Species II, III, IV, V, and VI be withdrawn

SUMMARY

It is believed that the application is now in condition for prosecution directed to claims 1-10. Consideration of the application and issuance of a notice of allowance is respectfully requested. It is believed that no extension of time is required. If additional fees are required for the timely consideration of this application, please charge deposit account no. 120914.

Respectfully submitted,

John L. Lee

REQUEST FOR WITHDRAWAL OF ABANDONMENT WITH DUPLICATE COPY OF RESPONSE TIMELY FILED ON 10/16/02

Following the telephone conference with Examiner Hewitt today at 2:00pm, at Examiners request, here following is a copy of the 5-sheet FAX communication sent to the PTO on February 28, 2003, and a copy of the 1-sheet FAX confirming receipt by the PTO on 2/28/03.

It appears that the application went abandoned because, although the communications of October 16, 2002, and February 28, 2003, were received by the PTO, neither reached the Examiner.

Applicants believe that the evidence provided herewith may be sufficient to obviate the need to file a petition, and respectfully request withdrawal of the holding of abandonment.

Respectfully submitted,
